### Position Statement

#### Clinical Guidelines Position Statement

The Manitoba Chiropractors Association promotes the use of evidence based clinical practice guidelines among its members in their care of patients. We encourage all members to utilize guidelines formed from the best available research methods, including:

- a. extensive review of available literature,
- b. critical evaluation of the literature included,
- c. ongoing review and re-publication in order to remain up-to-date with new research, and
- d. impartial adherence to scientific principles.
- e. Published by credible organizations where possible without conflicts of interest or with clearly identified conflict statements.

*The MCA regulates the chiropractic profession in Manitoba under The Chiropractic Act. The MCA is dedicated to regulating the chiropractic profession in a manner that supports quality care and upholds public trust; as well as furthering awareness and understanding of the benefits of chiropractic care.*
